

Thank you for your Donations:

The FGC is completely dependent on the generous donations and contributions of our faithful congregation and others in the community. Please know that all

donations received will be needed to re-stock our shelves when re-opening begins. We have not been able to purchase food in the last few months but as soon as able we will begin shopping again.

Thank you for your continuous support of the Family Giving Centre, we will always strive to help those with food insecurity in our Westfort area, you play a big role in our achieving our goal. If you have any questions about either financial donations/contributions or things such as household items or clothing please contact Janis Barker 622-1176.
